*Please note the organic grade of this product is not irradiated, as irradiation is not an allowed process under USDA/NOP guidelines.

Certified Organic: "Certified organic" means that a non-profit, state or private certification organization, accredited by the United States Department Of Agriculture (USDA), has verified that products labeled as "organic" meet strictly defined organic standards¹.

NOP: National Organic Program. A marketing program housed within the USDA Agricultural Marketing Service; developed national organic standards and established an organic certification program. The NOP was developed to facilitate domestic and international marketing of agricultural products that are organically produced and to assure consumers that such products meet consistent, uniform standards².

EU: European Union. Our organic products are certified to be compliant with EU standards.

QAI: Quality Assurance International; USDA accredited certifying agent. QAI is our NOP and EU compliance certifier.

DESERT WHALE JOJOBA COMPANY ECOCERT COMPLIANT PRODUCTS

What is ECOCERT?

- ECOCERT currently carries out inspections and certification services in over 80 countries outside the EU, on all continents
- ECOCERT approved raw materials meet the Cosmos Standard
- Approval relates to the material complying with the following: natural application, correct labeling and communication, natural ingredients, and proper manufacturing
- Additionally, the approval ensures that measures were taken for the protection of the environment when the material was obtained
